2	2	1027429	Solar Dock Light Amber
2	2	1027430	Solar Dock Light Red
3	2	1027415	Cap Press-In 2.625x2.625 Silver Drilled

Failure to follow instructions may result in personal injury and may invalidate the applicable warranty.

NOTICE To avoid damaging the dock light, be sure to remove the solar dock light from the dock light bushing before pressing into the dock leg.

Step 1. Remove dock light from bushing by firmly pressing on bottom of dock light. Insert cap with bushing into desired dock pocket.

Step 2. Use a flat blade screwdriver to remove the cover on the bottom of dock light. Remove the silicon pad. Then remove the plastic tab to allow the battery to operate.

Step 3. Replace the silicon pad and firmly tighten the cover back onto the bottom of the dock light.

Step 4. Press the dock light into the bushing in the cap.

Note: Standard colors include white and blue LED. Special order colors include green, amber, and red.
